Mission of the International Teachers College (ITC)

The International Teachers College (ITC) is a ministry of Universitas Pelita Harapan (UPH) that equips future teachers with international standard content and research-based best practices within a distinctively Reformed theological framework.

Our goal is to produce teachers who contribute effectively to the educational development and enterprise in their local countries, to the glory of God and as a blessing to the nations through the gospel of Jesus Christ.

Academic Programs

Graduates receive accredited Bachelor of Education degrees from UPH (Indonesia) and Corban University (USA). Students may choose either Primary Education or Secondary English Education as their major. All students also receive a minor in Bible and theology.

Tuition and Fees

The cost to study at the ITC is similar to that of other international universities in Asia, but only a fraction of the cost of universities in the USA or Canada. The basic cost for tuition, ITC Dormitory lodging, food, uniforms, and books is approximately \$8,100 (USD) per year, plus transportation, student visa, and health insurance. Students may request other on-campus housing options for an additional fee.

University-to-Work Scholarship

The Universitas Pelita Harapan Foundation (YUPH) sponsors the ITC University-to-Work Program that generously covers the cost of attendance for qualified students who are willing to serve for three years as a teacher in one of the Foundation's Christian schools in Indonesia immediately following the completion of the ITC academic program.

The English Pathway Program

The English Pathway Program (EPP) is a rigorous, immersive English language program for students who wish to improve their English proficiency and academic preparedness for university study.

Students study full-time on the Universitas Pelita Harapan (UPH) campus and live in on-campus dormitories with ITC and EPP students.

The EPP is the ideal option for students whose English ability is in the intermediate to high range, but who do not yet meet the English proficiency levels required for admission to the ITC or other English-medium programs. Minimum scores for entering EPP students on several prominent English tests are as follows:

IELTS (5.0 band)
Duolingo (85)

TOEFL iBT (50)
CEFR (B1)

The curriculum consists of daily instruction and practice in the areas of Academic Reading, Academic Writing, Grammar, and Speaking/Listening, taught by experts in the field of Teaching English as a Foreign Language (TEFL).

EPP students live with and participate in daily life with ITC students, including recreational, cultural, sport, and spiritual development activities and worship services.

The EPP is an affordable program for motivated students to improve their English in a safe, supportive environment.

The cost for the EPP program, including tuition, materials, testing fees, dormitory, meals, student visa, and health insurance is \$7,500 USD per academic year.
